2020 TEMSEA Virtual Conference

Dear EMS Exhibitor:

We would like to take the time to invite you to one of the most exciting and informative conferences in Tennessee. This conference has over 400 attendees annually and is attended from representatives of almost all of the colleges, training centers and services in the state. With the amount of cancellations and postponements of conferences, this year's conference is sure to see a record number of attendees from all across the state and from various disciplines.

Being the premiere educational conference in Tennessee, we routinely host EMS educators, EMS Leaders, Providers and HOSA Instructors from across the State of Tennessee. This year we will continue to provide the same industry leading education as before, only in a virtual format, with several nationally and locally known speakers. With the utilization of a virtual classroom, we can now create a captive audience, one that is sure to enjoy and benefit from the 2020 TEMSEA Conference!

We certainly hope you will consider participating in our first virtual conference to display your company's information for everyone to see. Please visit our website www.tnemsea.com and register for the 2020 TEMSEA Conference as soon as possible so we can provide you with the best virtual display imaginable.

We look forward to hearing from you and want to thank you for supporting EMS Education in Tennessee and providing us with the tools we require to do our jobs. If you have any questions do not hesitate to contact me via email or phone as listed below.

Respectfully,
Jason Fox
